

## President's Message | July 2023

**Dear##[Name | First]##,**

It was great to see so many ASMACers at the meeting in Chicago on June 12th. The presentations were interesting and as always, the round table reminds me of the breadth and depth of health care issues our members are involved with. Our members are our biggest asset. They are resources for all of us, and are willing to share so much of what they know. For attorneys who are newer to this area of the law, ASMAC members can be your biggest resource.

## ASMAC News & Updates

Planning is underway for upcoming brown bag webinars and for the Fall Conference Program. The program committee works very hard to cover the issues that are important to members and highlight member speakers and subject matter experts. The committee is looking forward to hearing from you!

What topics do you want to **hear about**? What topics do you want to **present on**?

### **Vail, Colorado | October 25 - 28, 2023**

The ASMAC Fall Conference is one of ASMAC's most important and appreciated events of the year. It is an unparalleled opportunity to dive deeply into contemporary health law issues. The continuing education program - usually 10 continuing education units - is just one part of the experience, though. The conference is designed to also provide members with opportunities to connect and network with peers and professionals. Don't miss this opportunity to connect with colleagues and mentors! **Annual Meeting - Thank You!**

**A hearty ASMAC thanks to Annual Meeting speakers, program committee members (Kai Sternstein, Chair) and Cathy Stratton for their work and time.**

This year's topics included partnerships that make *Physician Health Programs* successful and effective, legal issues related to accessing reproductive healthcare, strategies for dealing with incivility in the workplace, and a training session on accessing important information on the new ASMAC website.

Thanks to all who attended either in person or virtually! It was great to hear from you! [Read More](#)

## Website News - CLE Certificates Online!

You can now access your meeting CLE certificates online at any time. Recent certificates dating back to the Fall Conference 2022 are just a click away. If you are looking for a recent CLE certificate, click the link below.

## Business Meeting Update - Dues Increase Approved

One important piece of business taken up at the Annual Business Meeting was a discussion of the membership dues. With costs rising and increased activity within the organization, the Board proposed that membership dues be raised as part of the organization's strategic growth plan. The membership approved the dues structure proposal unanimously.
